Comprehensive Technical Group (CTG) Sponsors Marine Toys for Tots Program to Give Atlanta Children in Need Toys for the Holidays

ATLANTA, Georgia. December 28, 2015 – Comprehensive Technical Group, LLC, an audio/visual, broadcast solutions, and IT managed services company in Atlanta, Georgia, has participated in the popular Toys for Tots program this year.

The toy drive took place during the first two weeks of December and many staff members were happy to be a part of the toy drive. “It was great to see so many wonderful gifts collected for those in need in Atlanta. Every child deserves to open a new present for Christmas.”

Lorena Decker, Marketing Coordinator for Comprehensive Technical Group, LLC says “It was really easy and great to work with the Marine Toys for Tots Program of North Atlanta. Their drop-off site Coordinator provided us with all the toy drive materials that we needed to help promote the program to our staff. I plan to repeat this activity for the company every year and to collect even more toys next year. It was a great experience.”

About Comprehensive Technical Group

Founded in 1991, Comprehensive Technical Group, LLC is a recognized leader in the design and implementation of integrated solutions for media-centric markets. Regional and national in scope, Comprehensive Technical Group offers a complete suite of products and services to businesses large and small.
